4. Each Exhibitor must affirm the inclusion of any image, likeness, or work of any individual other than the Exhibitor, portrayed in or made part of any exhibit, was done so with the prior, informed consent of said individual, and that each exhibit is submitted with the full consent of all parties.

5. Unless specifically otherwise provided for under an individual category's rules, ALL honey, beeswax, propolis, pollen, or royal jelly exhibited, or made part of any exhibit, must be produced by the exhibitor from honeybees owned and kept by the Exhibitor. Any exhibit previously submitted for consideration in any prior honey show sponsored by the host organization, with the exception of mead, is not eligible for this competition.

IV. Double Entries Prohibited

7. Each Exhibitor may make only one exhibit per category. More than one individual from a family or household may submit exhibits across different categories; however, family members and individuals from common households may not submit multiple exhibits in the same category.

8. With the exception of Extracted Honey, in instances where the exhibit may qualify for consideration in multiple categories, the Exhibitor shall have the right to choose which category to enter their exhibit; the Exhibitor's selection will not be overturned by the Judge(s); and, said

exhibit will be judged based on the criteria set forth in the category selected by the Exhibitor. The Judge shall have discretion to make the final determination as to proper color designation in regard to all exhibits of Extracted Honey.

9. Double Entries are strictly prohibited. A “Double Entry” is when an exhibitor has more than one exhibit placed in a single exhibition category. As used in this rule, the term “Double” is not limited to two, but also encompasses any number greater than one. The Show Secretary shall not knowingly accept any subsequent exhibit which would create a Double Entry. Whenever a Double Entry is created by the decision of a judge in recategorizing an exhibit pursuant to the rules herein, the following procedure shall apply: Prior to the judging of any other exhibits in the affected category, the exhibits constituting the double entry shall be identified and examined by the head Judge; the head Judge shall make a determination as to which of the exhibits constituting the Double Entry is the best under the criteria listed for the affected category; the best exhibit of those comprising the Double Entry will be returned to the show bench, and the other(s) will be disqualified. Whenever a Double Entry results in the disqualification of one or more exhibits, and after the results are publicly announced or posted, it shall be the responsibility of the head judge to personally inform the affected exhibitor of the determination of the Double Entry and subsequent disqualification of the exhibit(s).

V. Security

10. Exhibits must not be marked or identifiable in any way, except as specifically provided herein.

An example of identifying marks that are not allowed, but not limited to, are labels, signatures, signs, advertising, or anything that would identify the exhibitor to the judge. Certain categories will allow identifying marks if they are completely covered so that they are not visible. Please see category rules for where this exception is allowed. Exhibits found to be in violation of this rule will be severely penalized.

11. The Show Secretary will provide each exhibitor identifying labels to be affixed to each exhibit as provided in the rules for each exhibition category. The Exhibitor shall be responsible for placing the ID labels on each exhibit as directed for each exhibition category, unless otherwise specified herein.

12. Once exhibits have been accepted into the competition by the Show Secretary, they may not be altered in any way.

13. After submitting entries to the Show Secretary, exhibitors may not enter the area where the exhibits have been placed. The Secretary, Stewards or Judges are the only persons who may enter the honey judging area.

14. Judges will enter the honey show area after the close of exhibitor acceptance. This is to ensure as close to a blind judging as possible.

VI. Food Safety

15. All food & beverage exhibits must be prepared under sanitary conditions and follow food safety guidelines. All food & beverage exhibits must be sealed and shelf-stable, or otherwise prepared and packaged in such a way to be able to withstand spoilage. Any entry that appears to be unsafe or unpalatable will not be judged and will be disqualified.

16. Any food or beverage item made with any perishable ingredient(s) or components, or any exhibit that calls for or requires refrigeration for proper storage or holding, are prohibited.

VII. Miscellaneous

17. All exhibits submitted in categories containing the designation “Extracted Honey” are to be presented in one-pound, glass (no plastic), “Queen-line” or “Classic” style jars.

20. All weight requirements refer to the net *contents* of the exhibit. For instance, a 16 ounce jar of honey should *contain* 16 ounces of honey. This does not include the weight of the container, the lid, the label, or any other packaging.

21. For all exhibits which call for the submission of a white descriptive card or index card with the exhibit, any size card or sheet of paper from 3”x5” to 8.5”x11” will be accepted. Additionally, the Exhibitor may submit multiple cards for any exhibit as the Exhibitor sees fit.

Should the Exhibitor wish to submit multiple cards, they should be secured together by staple or paper clips.

22. For all mead, beer, and other honey beverage categories, any Exhibitor may, at their discretion, submit a second bottle for chilled tasting. If the Exhibitor chooses to submit a second bottle for chilled tasting, the Exhibitor must submit two identical specimens, both suitable for judging. After the exhibit is submitted, the show secretary will randomly select one of two bottles to be placed in a cooler or refrigerated container. The show secretary will place the other bottle on the judge's bench. Both bottles submitted will be evaluated for the same criteria as a single bottle exhibit. **If the Exhibitor submits a second bottle for chilled tasting, they must note such on the descriptive card submitted with the exhibit.*

23. Copyright of any submitted recipe, artwork, literary work, or other media remains with the exhibitor, but the host organization has the unrestricted right to publish images of submitted recipes, artwork, literary work, or other media in its newsletter, on its website, and via its social media outlets, plus unrestricted rights to use the same in any related material for PR purposes.

24. Where the submission of a “recipe” is required, that term includes the complete list of ingredients, quantities thereof, and the procedure used to combine and prepare the exhibit.

25. The Presiding Judge may, based on the number of exhibits submitted, combine one or more categories into a single category, or divide a single category into one or more subcategories.

The preferred aroma of beeswax should include honey and/or floral notes. Other aromas, especially those associated with caramelization, smoke, burnt sugar, chemical contamination/adulteration, or other aromas uncharacteristic of that of commonly found in natural beeswax, shall be considered faulted, and shall be penalized by the judge(s) according to the degree of severity of said fault.

28. The honey show committee reserves the right to reject any exhibit submitted if it is objectionable in any way. For these purposes, the definition of "objectionable" includes, but is not limited to: representations of nudity, graphic violence, profanity, obscenity, or any depictions of a sexually explicit nature. Decisions of the Presiding Judge on this issue will be final.

Prizes and Awards

It is the intention that ribbons will be given in all categories even if there is only one entry in the category. Entry into a category does not guarantee an award. In order to receive an award that entry must be worthy of placement. Exhibitors found willfully cheating, or purposefully altering or disfiguring an entry for the purpose of influencing the validity of judging will be disqualified from the contest, as well as from any future honey shows sponsored by the association/conference for a period of not less than three (3) years.

The Presiding Judge, after hearing both sides and examining the rules and the exhibit at issue may, as he or she deems appropriate, uphold, reverse, or amend the decision, award(s), and/or official record in such a manner as to affect the most just result available. Appendix

Notes on Correct Fill Level:

· The correct fill level on honey entries is at the top of the fill ring of the jar, without going over.

· The fill ring is the raised ridge, or ring of glass, immediately above the shoulder of the jar and below the threads. It can be distinguished from the threads in two ways:

a) the fill ring forms a complete circle, without ends; and

b) the fill ring will be completely parallel with the bottom and top of the jar.

· Liquid honey in a circular shape forms a concave surface sometimes referred to as a meniscus. For the purpose of filling jars, the edge of the meniscus should clearly be at the top of the fill ring, without going over.
