LOCATION: 10405 NW Theo Jacobs Way, Bristol, FL

RELEASE TIME: All entries will remain in the show area for public viewing after the judging. All entries will remain on display until 2:00 PM, Saturday, August 15, 2026, after which exhibitors may pick up their entries.

SHOW MANAGER/PRESIDING JUDGE: Heather Cherry

GENERAL RULES

I. ELIGIBILITY

1. The honey show is open to anyone attending Bee College who wishes to enter one or more exhibits, except as otherwise specifically provided for herein. **The honey show is not open to individuals serving as judges, stewards, or show secretaries.**

II. Turn-in / Submission Period(s) & Deadline

2. Entries must be received Friday, August 14th, 2026 from 8:00 AM and 12:00 PM. **No entries will be accepted after this deadline.**

III. Exhibitor Declarations & Affirmations

3. Each Exhibitor must sign an affidavit stating that each exhibit he or she submits was produced by the Exhibitor in conformity with the rules set forth herein.
4. Each Exhibitor must affirm the inclusion of any image, likeness, or work of any individual other than the Exhibitor, portrayed in or made part of any exhibit, was done so with the prior, informed consent of said individual, and that each exhibit is submitted with the full consent of all parties.
5. Unless specifically otherwise provided for under an individual category's rules, ALL honey, beeswax, propolis, pollen, or royal jelly exhibited, or made part of any exhibit, must be produced by the exhibitor from honeybees owned and kept by the Exhibitor. Any exhibit previously submitted for consideration in any prior honey show sponsored by the University of Florida, Entomology & Nematology Department, with the exception of mead, is not eligible for this competition.
6. All beeswax items, unless otherwise specifically allowed herein, must be prepared from pure, unadulterated beeswax, free from any additives or enhancements. The use of synthetic, artificial, or adulterated beeswax or drawn honeycomb is strictly prohibited. *Exhibits found to be containing any of the above will be disqualified.*

IV. Double Entries Prohibited

7. Each Exhibitor may submit only one exhibit per category. More than one individual from a family or household may submit exhibits across different categories; however, family members and individuals from common households may not submit multiple exhibits in the same category.
8. With the exception of Extracted Honey, in instances where the exhibit may qualify for consideration in multiple categories, the Exhibitor shall have the right to choose which category to enter their exhibit; the Exhibitor's selection will not be overturned by the Judge(s); and, said exhibit will be judged based on the criteria set forth in the category selected by the Exhibitor. The Judge shall have discretion to make the final determination as to proper color designation in regard to all exhibits of Extracted Honey.
9. Double Entries are strictly prohibited. A "Double Entry" is when an exhibitor has more than one exhibit placed in a single exhibition category. As used in this rule, the term "Double" is not limited to two, but also encompasses any number greater than one. The Show Secretary shall not knowingly accept any subsequent exhibit which would create a Double Entry. Whenever a Double Entry is created by the decision of a judge in recategorizing an exhibit pursuant to the rules herein, the following procedure shall apply: Prior to the judging of any other exhibits in the affected category, the exhibits constituting the double entry shall be identified and examined by the head Judge; the head Judge shall make a determination as to which of the exhibits constituting the Double Entry is the best under the criteria listed for the affected category; the best exhibit of those comprising the Double Entry will be returned to the show bench, and the other(s) will be disqualified. Whenever a Double Entry results in the disqualification of one or more exhibits, and after the results are publicly announced or posted, it shall be the responsibility of the Head Judge to personally inform the affected exhibitor of the determination of the Double Entry and subsequent disqualification of the exhibit(s).

V. Security

10. Exhibits must be unmarked or identifiable in anyway, except as specifically provided herein.
11. The Show Secretary will provide each exhibitor identifying labels to be affixed to each exhibit as provided in the rules for each exhibition category. The Exhibitor is responsible for placing the ID labels on each exhibit as directed for each exhibition category, unless otherwise specified.
12. Once exhibits have been accepted into the competition by the Show Secretary, they may not be altered in any way.
13. After submitting entries to the Show Secretary, exhibitors may not enter the area where the exhibits have been placed. The Secretary, Stewards or Judges are the only persons who may enter the honey judging area.
14. Judges will only enter the honey show area after the close of exhibitor entry acceptance. This is to ensure as close to a blind judging as possible.

VI. Food Safety

15. All food & beverage exhibits must be prepared under sanitary conditions and follow food safety guidelines. All food & beverage exhibits must be sealed and shelf-stable, or otherwise prepared and packaged in such a way to be able to withstand spoilage. Any entry that appears to be unsafe or unpalatable will not be judged and will be disqualified.
Any food or beverage item made with any perishable ingredient(s) or components, or any exhibit that calls for or requires refrigeration for proper storage or holding, are prohibited.

VII. Miscellaneous

16. All exhibits submitted in categories containing the designation “Extracted Honey” are to be presented in one-pound, glass (no plastic), “Queen-line” or “Classic” style jars; any exhibits submitted in any other style of jar or container will not be accepted by the show secretary.
17. In regard to the requirement of uniformity, items within or comprising any single exhibit should be alike and matching in every way: jars, containers, closures, contents, composition, orientation, placement, presentation, etc., should be identical across all individual items comprising any single exhibit.
18. For all exhibits which require, or give the Exhibitor the option of using, any display case, dish, base, frame, stand, or any other exhibition aide, the same should be presented in the same clean, neat, and uniform manner so as to compliment and add merit to the accompanying exhibit.
19. All weight requirements refer to the net *contents* of the exhibit. For instance, a 16-ounce jar of honey should *contain* 16 ounces of honey. This does not include the weight of the container, the lid, the label, or any other packaging.
20. For all exhibits which call for the submission of a white descriptive card or index card with the exhibit, any size card or sheet of paper from 3”x5” to 8.5”x11” will be accepted. Additionally, the Exhibitor may submit multiple cards for any exhibit as the Exhibitor sees fit. Should the Exhibitor wish to submit multiple cards, they should be secured together by staple or paper clips.
21. Allowances will be made for minor damage to cappings in entries in the comb honey categories, where such minor damage is clearly the result of previous judging in another show.
22. For all food entries, excluding Honey Cake (Traditional/Standard Recipe), Exhibitor may use any **local** honey in lieu of only honey produced by their own bees.
23. Copyright of any submitted recipe, artwork, literary work, or other media remains with the exhibitor, but the host organization has the unrestricted right to publish images of submitted recipes, artwork, literary work, or other media in its newsletter, on its website, and via its social media outlets, plus unrestricted rights to use the same in any related material for PR purposes.
24. Where the submission of a “recipe” is required, that term includes the complete list of ingredients, quantities thereof, and the procedure used to combine and prepare the exhibit.
25. The Presiding Judge may, based on the number of exhibits submitted, combine one or more categories into a single category, or divide a single category into one or more subcategories.
26. Return/Disposition of Exhibits-
 - (a) Exhibitors who wish to retrieve their exhibits at the conclusion of the honey show must make arrangements to pick their exhibits up at the specified release time on August 15, 2026 between 2:00-3:30 PM. If an exhibitor wishes to have their exhibit(s) released to a third party or proxy, they must indicate so in writing.
 - (b) Exhibits and other items not retrieved by the deadline posted for pick-up, shall be deemed abandoned, and shall be donated to the Honey Show Committee for future use or disposal. Neither UF/IFAS Bee College nor the American Honey Show Training Council, is responsible for any items left after the pick-up deadline.
27. The Honey Show Committee reserves the right to reject any exhibit submitted if it is objectionable in any way. For these purposes, the definition of “objectionable” includes, but is not limited to: representations of nudity, graphic violence, profanity, obscenity, or any depictions of a sexually explicit nature. Decisions of the Presiding Judge on this issue will be final.

Prizes and Awards

It is the intention that ribbons will be given in all categories even if there is only one entry in the category. Entry into a category does not guarantee an award. In order to receive an award that entry must be worthy of placement. A Judge may, in his or her sole discretion, make or withhold the award of any given prize(s) or placement(s) in any category over which said Judge officiates. The decisions of the Judges are final.

Exhibitors found willfully cheating, or purposefully altering or disfiguring an entry for the purpose of influencing the validity of judging will be disqualified from the contest, as well as from any future honey shows sponsored by the association/conference for a period of not less than three (3) years.

Ribbons, Prize Cards & Sweepstakes:

Ribbons will be awarded to all First through Sixth place winners in each category, and to all Major Division winners as follows:

- Supreme Champion
- Best in Show
- Sweepstakes Champion

Prize Points & Sweepstakes

Prize points will be awarded to all First through Sixth place winners in all categories as follows: First Place = 6 points; Second Place = 5 points; Third Place = 4 points; Very Highly Commendable = 3 points; Highly Commendable = 2 points; and Commendable = 1 point. These points will be used to calculate the winner of the Supreme Champion and Sweepstakes Champion awards. Supreme Champion will be awarded to the exhibitor with the Best Extracted Honey. Sweepstakes Champion will be awarded to the exhibitor who earns the highest number of prize points across all categories.

Prize cards for participants in the AHSTC Honey Judging Program will be provided electronically per written request.

Appeals

After the announcement of awards, any exhibitor may meet with the category judge to discuss their entry and ask questions. An Exhibitor may appeal the Bench Judge's ruling concerning their own exhibit in instances where the Exhibitor believes the Bench Judge misinterpreted or misapplied a rule in regard to the judging of their exhibit. The Presiding Judge, after hearing both sides and examining the rules and the exhibit at issue may, as he or she deems appropriate, uphold, reverse, or amend the decision, award(s), and/or official record in such a manner as to affect the most just result available. The decision of the Presiding Judge is final.

RULES FOR INDIVIDUAL CATEGORIES:

EXTRACTED & COMB HONEY

1-3 -- Extracted Honey

Extracted honey is judged in three subcategories: (a) light, (b) medium or amber, and (c) dark. Exhibitors may submit one exhibit in each of these three subcategories. One exhibit of extracted honey is defined as three (3) identical one-pound jars, as specified in rule #16 under the General Rules of the Honey Show. Closures may be of metal or plastic. Tamper-proof seals are strictly prohibited; any exhibits submitted with any tamper-proof seal(s) will be severely penalized. Judges evaluate entries on the following: •confirmation with the criteria set forth herein, •cleanliness of the jar and lid, •correct fill level, •uniformity of the jars that comprise the exhibit, •cleanliness and clarity of the honey, •moisture content (only if needed), •aroma and flavor (for off aromas or flavors). *See Appendix hereafter for notes on correct jars and fill level.

The Exhibitor shall place one ID label, as provided by the honey show Secretary, on each of the jars comprising the exhibit. The labels should be affixed at the front, bottom, center of each jar, approximately ½ inch from the bottom of the jar.

4 -- Novice Extracted Honey

This category is open only to exhibitors who have never won a First, Second or Third prize in any extracted honey category at any prior honey show. An exhibit consists of one (1) one-pound jar of extracted honey, as specified in rule #16 under the General Rules of the Honey Show. Closures may be of metal or plastic. Tamper-proof seals are strictly prohibited; any exhibits submitted with any tamper-proof seal(s) will be severely penalized. Judges evaluate entries on the following: •confirmation with the criteria set forth herein, •cleanliness of the jar and lid, •correct fill level, •uniformity of the jars that comprise the exhibit, •cleanliness and clarity of the honey, •moisture content (only if needed), •aroma and flavor (for off aromas or flavors). *See Appendix hereafter for notes on correct jars and fill level.

The Exhibitor shall place one ID label, as provided by the honey show Secretary, on the exhibit. The label should be affixed at the front, bottom, center of the jar, approximately ½ inch from the bottom of the jar.

5 -- Infused Extracted Honey

An exhibit consists of three (3) identical one-pound jars, as specified in rule #16 under the General Rules of the Honey Show, of extracted honey which has been infused with one or more added flavors and/or aromas. The judging criteria for this category is the same as that for #1 (Extracted Honey), with the exception that the use of infusing agents is permitted. The infusing agent(s) should be removed from the honey, and the honey should be free of all visible inclusions and debris. Judges evaluate entries on the following: confirmation with the criteria set forth herein; cleanliness of the jar and lid; correct fill level; cleanliness and clarity of the honey; moisture content (only if needed); aroma; flavor; potency; balance; and finish. *A white card with a description of the flavoring(s) added to the honey must accompany each exhibit. *See Appendix hereafter for notes on correct jars and fill level.

The Exhibitor shall place one ID label, as provided by the honey show Secretary, on the exhibit. The label should be affixed at the front, bottom, center of the jar, approximately ½ inch from the bottom of the jar. An ID label should also be affixed to the white card accompanying the exhibit.

7-8 -- Creamed Honey

Creamed Honey is judged in two subcategories: (a) natural, and (b) flavored. Exhibitors may submit one exhibit in each of these two categories. Creamed or Soft Set honey is honey that has been subjected to a manual or mechanical process to assist and control the otherwise natural process of granulation. An entry of creamed honey is three (3) identical wide-mouth jars, no less than eight ounces (8oz.), nor more than sixteen ounces (16oz.) in net weight. Creamed honey must be displayed in identical, clear, straight-sided, glass jars with one-piece lids. Judges evaluate entries on the following: •confirmation with the criteria set forth herein, •cleanliness of the jar and lid, •correct fill level, •cleanliness and purity of the honey, •uniformity of product within the jar, •fineness of crystals, •appropriate set or firmness (should be spreadable but not runny), •freedom from foam, frosting, or visible moisture, •freedom from added flavors, •striation, or colors, •uniformity of the jars that comprise the exhibit, •aroma and flavor (for off aromas or flavors), •moisture content (only if in question).

The exhibitor must submit a white card describing the process and procedure (including all steps and equipment) employed to produce their creamed honey.

The Exhibitor shall place one ID label, as provided by the honey show Secretary, on each of the jars comprising the exhibit. The labels should be affixed at the front, bottom, center of each jar, approximately ½ inch from the bottom of the jar. An ID label should also be affixed to the white card accompanying the exhibit.

9 -- Chunk Comb Honey

One entry of chunk honey is three (3) identical one-pound jars. Chunk honey must be displayed in straight sided, uncolored, glass, wide mouth, jars. The glass should not be embossed. Such jars are available from many commercial beekeeping suppliers. Only one chunk of comb should be in each jar for competition. The chunk of comb must be in one piece, of uniform thickness, and with a straight mid rib. Virgin comb with this year's wax is preferred. All foundation should be unwired, thin surplus. The cuts should be clean and uniform. The chunk comb should be cut and sized to appropriately fit the container. The honey should fill the rest of the jar to the correct fill line. The comb should be oriented in the container as found naturally in the hive. Comb with watery cappings should be avoided. The comb should extend the length of the jar. The chunk of comb should account for at least fifty percent (50%) of the internal volume of the jar. Judges evaluate entries on the following: •confirmation with the criteria set forth herein, •cleanliness of the jar and lid, •correct fill level, •uniformity of the jars that comprise the entry, •cleanliness and clarity of the honey, •absence of pollen, brood, uncapped cells, "wet" or "watery" cappings, or travel stains on the cappings, •freedom from granulation, •absence of floating wax debris in, or on the surface of, the honey, •moisture content (only if needed), •aroma and flavor (for off aromas or flavors).

The Exhibitor shall place one ID label, as provided by the honey show Secretary, on each of the jars comprising the exhibit. The labels should be affixed at the front, bottom, center of each jar, approximately ½ inch from the bottom of the jar.

10 -- Cut Comb Honey

An exhibit of cut comb honey is three (3) identical boxes. The boxes must be transparent on all sides made for displaying cut comb. Each box of cut comb should weigh a minimum of twelve (12) ounces. The chunk of comb must be in one piece, with a straight mid rib and of uniform thickness. Virgin comb with this year's wax is preferred. All foundation should be unwired, thin surplus. The cuts should be clean and uniform. There should be no leaking of honey from comb into the box. Judges

evaluate entries on the following: •confirmation with the criteria set forth herein, •uniformity of the items that comprise the entry, •uniformity of appearance and color (including the honey in the comb), •cleanliness of the container, •completeness of cappings, •cleanliness and clarity of the honey, •absence of pollen, brood, uncapped cells, “wet” or “watery” cappings, or travel stains on the cappings, •freedom from granulation, pollen, and brood; moisture content (only if needed); •aroma and flavor (for off aromas or flavors).

The Exhibitor shall place one ID label, as provided by the honey show Secretary, on each of the containers comprising the exhibit. The labels should be affixed at the front, bottom, center of each container.

11 -- Novice Comb honey

This category is open only to exhibitors who have never won a First, Second or Third prize in any comb honey category at any prior honey show. An exhibit consists of one (1) jar of chunk honey, piece cut comb honey, or section of comb honey. Judges evaluate entries on the following: confirmation with the criteria set forth herein, uniformity of appearance and color (including the honey in the comb), cleanliness of the container and lid, completeness of cappings, cleanliness and clarity of the honey, absence of pollen, brood, uncapped cells, “wet” or “watery” cappings, or travel stains on the cappings, •freedom from granulation, pollen, and brood, •moisture content (only if needed), •aroma and flavor (for off aromas or flavors).

The Exhibitor shall place one ID label, as provided by the honey show Secretary, on each of the containers comprising the exhibit. The labels should be affixed at the front, bottom, center of each container.

12 -- Black Jar

An entry consists of not less than two ounces, nor more than four ounces, of pure, unadulterated honey. The required jar will be provided by the Show Secretary at the sign-in table, and the Exhibitor will transfer their entry into the jar and return the exhibit to the Show Secretary. Judges evaluate entries for flavor only.

**Black jar entries shall not be eligible for Major Division awards or the Best in Show award.*

BLACK JAR ENTRIES WILL NOT BE RETURNED

BEESWAX & CANDLES

13 -- Beeswax Block

An exhibit consists of one (1) block of pure beeswax. The block must weigh between one to two pounds, no more, and should have thickness no greater than 1.5 inches. The wax should be clean and free of impurities. The block should be smooth-surfaced and free of blemishes, decorations or embellishments. Beeswax should be of a vibrant, natural beeswax color, and should have a pleasant, natural beeswax fragrance. The preferred colors of beeswax range from white into all natural shades of the color palate yellow. Wax of other color palettes, especially those including shades of gray or brown, shall be deemed faulted, and shall be penalized by the judge(s) according to the degree of severity of said fault. The preferred aroma of beeswax should include honey and/or floral notes. Other aromas, especially those associated with caramelization, smoke, burnt sugar, chemical contamination/adulteration, or other aromas uncharacteristic of that of commonly found in natural beeswax, shall be considered faulted, and shall be penalized by the judge(s) according to the degree of

severity of said fault. The block should be submitted on a plain, white plate or board (which may be made of paper, foam, cardboard, or any similar material), in a zip-top bag. Alternatively, at the Exhibitor's option, the block may be presented in a protective display case. If a show case is used, it must not exceed 12"(length) x 12"(width) x 4"(depth), and the wax block must be readily accessible for judging. The show case will not be judged, aside for cleanliness. Judges evaluate entries on the following: •confirmation with the criteria set forth herein, •cleanliness, •color, •finish, •absence of pouring or casting defects including cracks, •raised edges, •unevenness, •rippled or wavy surfaces, •aroma (for off aromas).

*The presence of the word "BEESWAX" imprinted on one surface of the block shall not be counted as a flaw or defect. However, any such mark or imprint shall be judged for casting flaws and sharpness of detail.

The Exhibitor shall place one ID label, as provided by the honey show Secretary, on the underside of the wax block, and the second label on the top right-hand corner of the display case lid or plastic bag.

14 -- Beeswax Bars

An exhibit is defined as six (6) identical one (1) ounce beeswax bars. Beeswax should be of a vibrant, natural beeswax color, and should have a pleasant, natural beeswax fragrance. The preferred colors of beeswax range from white into all natural shades of the color palate yellow. Wax of other color palettes, especially those including shades of gray or brown, shall be deemed faulted, and shall be penalized by the judge(s) according to the degree of severity of said fault. The preferred aroma of beeswax should include honey and/or floral notes. Other aromas, especially those associated with caramelization, smoke, burnt sugar, chemical contamination/adulteration, or other aromas uncharacteristic of that of commonly found in natural beeswax, shall be considered faulted, and shall be penalized by the judge(s) according to the degree of severity of said fault. The wax should be clean and free of impurities. The bars should be smooth-surfaced, free of blemishes, and identical in every way. The bars should be submitted on a plain, white plate or board (which may be made of paper, foam, cardboard, or any similar material), in a zip-top bag. Alternatively, at the Exhibitor's option, the bars may be presented in a protective display case. If a show case is used, it must not exceed 12"(length) x 12"(width) x 4"(depth), and the wax bars must be readily accessible for judging. The show case will not be judged, aside for cleanliness. Judges evaluate entries on the following: •confirmation with the criteria set forth herein, •cleanliness, •color, •aroma (for off aromas), •uniformity, •casting flaws, •sharpness of detail.

*The presence of the word "BEESWAX" imprinted on one surface of each bar shall not be counted as a flaw or defect. However, any such mark or imprint shall be judged for casting flaws and sharpness of detail.

The Exhibitor shall place one ID label, as provided by the honey show Secretary, on the top center of the plate the wax blocks were presented on, and the second label on the top right-hand corner of the display case lid or plastic bag.

15 -- Novice Beeswax Item

This category is open only to exhibitors who have never won a First, Second or Third prize in any beeswax category at any prior honey show. An exhibit consists of one (1) beeswax item, weighing no less than one (1) ounce and no more than eight (8) ounces. Beeswax should be of a vibrant, natural beeswax color, and should have a pleasant, natural beeswax fragrance. The preferred colors of beeswax range from white into all natural shades of the color palate yellow. Wax of other color palettes, especially those including shades of gray or brown, shall be deemed faulted, and shall be

penalized by the judge(s) according to the degree of severity of said fault. The preferred aroma of beeswax should include honey and/or floral notes. Other aromas, especially those associated with caramelization, smoke, burnt sugar, chemical contamination/adulteration, or other aromas uncharacteristic of that of commonly found in natural beeswax, shall be considered faulted, and shall be penalized by the judge(s) according to the degree of severity of said fault. The beeswax should be clean and free of impurities. The block or bar should be smooth-surfaced, and free of blemishes. The block or bar should be submitted on a plain, white plate or board (which may be made of paper, foam, cardboard, or any similar material), in a zip-top bag. Judges evaluate entries on the following:

- confirmation with the criteria set forth herein, •cleanliness, •color, •aroma (for off aromas),
- uniformity, •casting flaws, •sharpness of detail.

The Exhibitor shall place one ID label, as provided by the honey show Secretary, on the exhibit. The label should be affixed on the bottom of the item.

16 -- Beeswax Figurines

A figurine is a small sculpted, carved, cast or molded statue that represents a person, animal, plant, creature, or deity (either real or fictional). A figurine may be free-standing, or be supported by a base, stand, or appropriate fixture. An entry is defined as three (3) identical beeswax figurines, depicting any person, animal, plant, creature, or deity of the exhibitor's choosing. Each figurine may be no more than sixteen (16) ounces in weight, and no less than two inches (2") in height, nor more than twelve inches (12") in height. Figurines may be molded or hand-formed. Beeswax should be of a vibrant, natural beeswax color, and should have a pleasant, natural beeswax fragrance. Additionally, the use of colored or dyed beeswax is acceptable. For exhibits utilizing colored or dyed beeswax, the wax should be of uniform color throughout, free of marbling, striations, or any unevenness in coloration. Items comprising the exhibit should be uniform in every aspect, including height, thickness, weight, appearance, and performance (where appropriate). Judges evaluate entries on the following:

- confirmation with the criteria set forth herein, •cleanliness, •color, •aroma (for off aromas),
- uniformity, •casting flaws, and •sharpness of detail.

The Exhibitor shall place one ID label, as provided by the honey show Secretary, on the bottom of each figurine comprising the exhibit.

17 -- Candles Dipped Taper

An exhibit for dipped tapers is defined as two pairs of two connected candles (a total of four candles). The wax should be clean and free of impurities. Beeswax should be of a vibrant, natural beeswax color, and should have a pleasant, natural beeswax fragrance. The preferred colors of beeswax range from white into all natural shades of the color palate yellow. Wax of other color palettes, especially those including shades of gray or brown, shall be deemed faulted, and shall be penalized by the judge(s) according to the degree of severity of said fault. The preferred aroma of beeswax should include honey and/or floral notes. Other aromas, especially those associated with caramelization, smoke, burnt sugar, chemical contamination/adulteration, or other aromas uncharacteristic of that of commonly found in natural beeswax, shall be considered faulted, and shall be penalized by the judge(s) according to the degree of severity of said fault. Dipped tapers should have the last drip left on; the wicks must be left joined. The minimum length of all taper candles is eight inches. One of the candles in each exhibit will be lit by the judge and allowed to burn. The exhibit must be presented with one (1) free-standing, fire-proof base or candleholder. Items comprising the exhibit should be uniform in every aspect, including height, thickness, weight, appearance, and performance (where appropriate). Judges evaluate entries on the following:

•confirmation with the criteria set forth herein, •cleanliness, •color, •aroma (for off aromas), •proper wicking, •performance, •uniformity.

The Exhibitor shall place one ID label, as provided by the honey show Secretary, on the bottom of each of the candleholders the candles were submitted with, and another label on the bottom, or at the base, of each of the candles.

18 -- Candles Molded Taper

An exhibit is defined as three (3) identical candles. The wax should be clean and free of impurities. Beeswax should be of a vibrant, natural beeswax color, and should have a pleasant, natural beeswax fragrance. The preferred colors of beeswax range from white into all natural shades of the color palate yellow. Wax of other color palettes, especially those including shades of gray or brown, shall be deemed faulted, and shall be penalized by the judge(s) according to the degree of severity of said fault. The preferred aroma of beeswax should include honey and/or floral notes. Other aromas, especially those associated with caramelization, smoke, burnt sugar, chemical contamination/adulteration, or other aromas uncharacteristic of that of commonly found in natural beeswax, shall be considered faulted, and shall be penalized by the judge(s) according to the degree of severity of said fault. Molded tapers must have flat finished bases with wicks well centered. The minimum length of all taper candles is eight inches. Wicks must be waxed and trimmed to one-half inch in length. One of the candles in each exhibit will be lit by the judge and allowed to burn. The exhibit must be presented with one (1) free-standing, fire-proof base or candleholder. Items comprising the exhibit should be uniform in every aspect, including height, thickness, weight, appearance, and performance (where appropriate). Judges evaluate entries on the following: •confirmation with the criteria set forth herein, •cleanliness, •color, •aroma (for off aromas), •proper wicking, •performance, •uniformity, •casting flaws, •sharpness of detail.

The Exhibitor shall place one ID label, as provided by the honey show Secretary, on the bottom of each of the candleholders the candles were submitted with, and another label on the bottom, or at the base, of each of the candles.

19 -- Candles Molded Ornamental

An exhibit is defined as three (3) candles. The wax should be clean and free of impurities. Beeswax should be of a vibrant, natural beeswax color, and should have a pleasant, natural beeswax fragrance. The preferred colors of beeswax range from white into all natural shades of the color palate yellow. Wax of other color palettes, especially those including shades of gray or brown, shall be deemed faulted, and shall be penalized by the judge(s) according to the degree of severity of said fault. The preferred aroma of beeswax should include honey and/or floral notes. Other aromas, especially those associated with caramelization, smoke, burnt sugar, chemical contamination/adulteration, or other aromas uncharacteristic of that of commonly found in natural beeswax, shall be considered faulted, and shall be penalized by the judge(s) according to the degree of severity of said fault. Wicks must be trimmed to one-half inch in length. The form must have a flat finished base with wicks waxed and well centered. Candles will be judged on the herein criteria as well casting flaws and sharpness of detail. One of the candles in each exhibit will be lit by the judge and allowed to burn. The exhibit must be presented with one (1) free-standing, fire-proof base or candleholder. Items comprising the exhibit should be uniform in every aspect, including height, thickness, weight, appearance, and performance (where appropriate). Judges evaluate entries on the following: •confirmation with the criteria set forth herein, •cleanliness, •color, •aroma (for off aromas), •proper wicking, •performance, •uniformity, •casting flaws, •sharpness of detail.

The Exhibitor shall place one ID label, as provided by the honey show Secretary, on the bottom of each of the candleholders the candles were submitted with, and another label on the bottom, or at the base, of each of the candles.

20 -- Candles Floating

An exhibit is defined as three (3) candles floating in a small dish of water. The wax should be clean and free of impurities. Beeswax should be of a vibrant, natural beeswax color, and should have a pleasant, natural beeswax fragrance. The preferred colors of beeswax range from white into all natural shades of the color palate yellow. Wax of other color palettes, especially those including shades of gray or brown, shall be deemed faulted, and shall be penalized by the judge(s) according to the degree of severity of said fault. The preferred aroma of beeswax should include honey and/or floral notes. Other aromas, especially those associated with caramelization, smoke, burnt sugar, chemical contamination/adulteration, or other aromas uncharacteristic of that of commonly found in natural beeswax, shall be considered faulted, and shall be penalized by the judge(s) according to the degree of severity of said fault. Wicks must be trimmed to one-half inch in length. Wicks should be waxed and well centered. The candles should float freely in the water. The dish will not be judged. One of the candles in each exhibit will be lit by the judge and allowed to burn. Items comprising the exhibit should be uniform in every aspect, including height, thickness, weight, appearance, and performance (where appropriate). Judges evaluate entries on the following: •confirmation with the criteria set forth herein, •cleanliness, •color, •aroma (for off aromas), •proper wicking, •performance, •uniformity, •casting flaws, •sharpness of detail.

The Exhibitor shall place one ID label, as provided by the honey show Secretary, on the edge of the dish the candles were submitted with. If there is insufficient room on the edge, the Exhibitor shall place the ID label on the underside of the dish. ***Exhibitor shall bring an empty exhibit bowl with a plastic container filled with the exact amount of water the exhibitor wants to be emptied into the bowl at set up.**

21 -- Candles Rolled

An exhibit is defined as three (3) candles made by rolling sheets of beeswax foundation. *For this category only, the use of commercially manufactured sheets of beeswax is allowed. The wax should be clean, and free of impurities. Additionally, the use of colored or dyed beeswax is acceptable. For exhibits utilizing colored or dyed beeswax, the wax should be of uniform color throughout, free of marbling, striations, or any unevenness in coloration. Wicks must be primed and trimmed to one-half inch in length. The candle must have a flat base with wicks waxed and well centered. Candles will be judged on the criteria herein as well rolling flaws and sharpness of detail. One of the candles in each exhibit will be lit by the judge and allowed to burn. The exhibit must be presented with one (1) free-standing, fire-proof base or candleholder. Items comprising the exhibit should be uniform in every aspect, including height, thickness, weight, appearance, and performance (where appropriate). Judges evaluate entries on the following: confirmation with the criteria set forth in herein; cleanliness; color; aroma (for off aromas); proper wicking; performance; uniformity; rolling flaws; and sharpness of detail.

The Exhibitor shall place one ID label, as provided by the honey show Secretary, on the bottom of the candleholder the candles were submitted with, and another label on the bottom, or at the base, of each of the candles.

22 - Novice Beeswax Candle

This category is open only to exhibitors who have never won a First, Second or Third prize in any beeswax candle category at any prior honey show. An exhibit is defined as one (1) beeswax candle. The beeswax should be of a vibrant, natural beeswax color, and should have a pleasant, natural beeswax fragrance. The preferred colors of beeswax range from white into all natural shades of the color palate yellow. Wax of other color palettes, especially those including shades of gray or brown,

shall be deemed faulted, and shall be penalized by the judge(s) according to the degree of severity of said fault. The preferred aroma of beeswax should include honey and/or floral notes. Other aromas, especially those associated with caramelization, smoke, burnt sugar, chemical contamination/adulteration, or other aromas uncharacteristic of that of commonly found in natural beeswax, shall be considered faulted, and shall be penalized by the judge(s) according to the degree of severity of said fault. The wax should be clean and free of impurities. Wicks should be trimmed to one-half inch in length. The candle should have a flat base with wicks waxed and well centered. The candle will be lit by the judge and allowed to burn. The exhibit must be presented with one (1) free-standing, fire-proof base or candleholder. Judges evaluate entries on the following: •confirmation with the criteria set forth herein. •cleanliness, •color, •aroma (for off aromas), •proper wicking, •performance, •uniformity, •casting or rolling flaws, •sharpness of detail.

The Exhibitor shall place an ID label, as provided by the honey show Secretary, on the bottom of the candleholder the candle is submitted with, and another label on the bottom, or at the base of the candle.

23 -- Beeswax Sculpture/Carving

An Exhibitor may submit one example of any sculpted or carved beeswax item of their own creation. The use of wiring and/or coloring is permitted. Beeswax should have a pleasant, natural beeswax fragrance. Molded elements are not permitted. The sculpture or carving must be the original composition of the Exhibitor. The sculpture or carving must be mounted or freestanding in design. Judges evaluate entries on the following: •confirmation with the criteria set forth herein, •cleanliness, •color, •aroma (for off aromas), •subject matter, •aesthetic appeal, •technical proficiency, •creativity, •originality. *A white card with a description of the item must accompany each exhibit.

The Exhibitor shall place one label on the front of the exhibit (centered near the bottom), and the second label on the white card accompanying the exhibit.

24 -- Beeswax Flowers

An Exhibitor may submit one example of one or more beeswax flower(s) of their own creation. The flowers must include stems/stalks. The use of wiring and/or coloring is permitted. Molded elements are not permitted. The flower(s) must be the original composition of the Exhibitor. The flowers must be presented in a vase or other similar container; however, the container will not be judged. Judges evaluate entries on the following: •confirmation with the criteria set forth herein, •cleanliness, •color, •fragrance, •subject matter, •aesthetic appeal, •technical proficiency, •creativity, •originality. *A white index card with a description of the exhibit, including a listing of all varieties of flowers included in the exhibit, must accompany each exhibit.

The Exhibitor shall place one label on the front of the vase containing the exhibit (centered near the bottom), and the second label on the white card accompanying the exhibit.

ARTS & CRAFTS RELATED TO BEEKEEPING

25 -- Artwork

Artwork is the expression or application of human creative skill and imagination, often in a visual form such as (but no way limited to) painting or sculpture, producing works to be appreciated primarily for their beauty or emotional power. An Exhibitor may submit one example of any

BEVERAGES MADE WITH HONEY

PLEASE READ CAREFULLY: Exhibitors should be aware and keep in mind; this is a honey show. These beverage & culinary categories have been specifically chosen because of their ability to showcase honey as an ingredient. The influence and impact of honey on the finished product will be the first, and ultimate, factor the judges will consider when making final awards. The stronger and more pronounced the flavor and aroma of honey is in the finished product, the greater the preference that exhibit will receive from the judges. Conversely, an exhibit of otherwise exceptional quality that does not taste or smell profoundly of honey, will not be placed highly despite the presence of other exceptional qualities.

47-50 -- Meads

Meads are judged in four subcategories: (a) Traditional Sweet, (b) Traditional Dry, (c) Varietal Sweet, and (d) Varietal Dry. Traditional meads contain only honey, water, yeast, and no other flavoring additives. Varietal meads include melomels, pymets, cysers, metheglins, hippocras, braggots, sac meads, and dessert meads. Entrants may submit one exhibit in each of these respective subcategories. An exhibit consists of one, clear, uncolored, glass standard 750ml wine bottle. Punt bottles are acceptable as long as they are standard pattern wine bottles. Tee, tasting, or mushroom-style corks are acceptable closures; traditional, inserted corks will not be accepted by the Show Secretary. Bottles should be filled to a point precisely two (2) centimeters from the bottom of the cork. All mead must be produced from honey produced by the Exhibitor. All entries will be tasted. Judges evaluate entries on the following: •confirmation with the criteria set forth herein, •cleanliness of the container and closure, •cleanliness and clarity of the contents, •correct fill level, •color, •clarity, •lack of sediment, •aroma, •flavor, including maturity, body, balance, complexity, and finish, •influence of honey on the final product. *A white index card with a description of the type or style of mead and the full recipe (including all ingredients) must accompany each exhibit. The Exhibitor should also note on the white card if they have submitted a second bottle for chilled tasting.

The Exhibitor shall place one ID label, as provided by the honey show Secretary, on the front, bottom, center of the bottle, ½ inch from the bottom of the bottle. Additionally, the Exhibitor shall place one ID label, as provided by the honey show Secretary, on the white card accompanying the exhibit. *In the event an Exhibitor elects to submit a second bottle to be chilled for tasting, the Show Secretary will affix an additional identifying label around the neck of the bottle to be chilled.

An Exhibitor may submit one example of a beer or ale prepared by the Exhibitor. An exhibit consists of one (1) glass, un-embossed, standard 12oz or 16oz beer bottle. Clear glass is preferable, however colored glass is acceptable. Standard, unmarked crimped closures or lightning closures will be accepted. Bottles should be filled to not less than 1" nor more than 1.5" from the bottom of the cap or closure. All beer and ale must be produced from honey produced by the Exhibitor. All entries will be tasted. Judges evaluate entries on the following: •cleanliness, •fill, •color, •clarity, •lack of sediment, •aroma, •flavor, including body, balance, complexity, and finish. *A white card with a description of

the type or style of beer or ale and the full recipe (including all ingredients) must accompany each exhibit. The Exhibitor should also note on the white card if they have submitted a second bottle for chilled tasting.

The Exhibitor shall place one ID label, as provided by the honey show Secretary, on the front, bottom, center of the bottle, ½ inch from the bottom of the bottle. Additionally, the Exhibitor shall place one ID label, as provided by the honey show Secretary, on the white card accompanying the exhibit. *In the event an Exhibitor elects to submit a second bottle to be chilled for tasting, the Show Secretary will affix an additional identifying label around the neck of the bottle to be chilled.

52 -- Cocktails

An Exhibitor may submit one example of a honey cocktail created by the Exhibitor. An exhibit consists of all of the ingredients, elements, garnishments, equipment and tools necessary to make three (3) servings of the submitted cocktail. Appropriate serving glasses, cups, or tumblers should be included. All elements containing alcohol or spirits should be individually packaged and clearly labeled. All submissions must contain honey produced by the Exhibitor. All entries will be tasted. Judges evaluate entries on the following: •cleanliness, •originality, •aroma, •flavor, •balance, •complexity, and •finish. *A white card with a description of the product, the recipe, including all ingredients, ingredient quantities, procedure, and any directions must accompany each exhibit.

The Exhibitor shall place one ID label, as provided by the honey show Secretary, on the front, bottom, center of the bottle, ½ inch from the bottom of the bottle. Additionally, the Exhibitor shall place one ID label, as provided by the honey show Secretary, on the white card accompanying the exhibit. *In the event an Exhibitor elects to submit a second bottle to be chilled for tasting, the Show Secretary will affix an additional identifying label around the neck of the bottle to be chilled.

An entry in this category consists of one (1) identical, unembossed, 8 or 16 ounce, Classic or Queenline jars. Exhibits submitted in any other type or style of jar will not be accepted by the Show Secretary. Closures may be of metal or plastic. Tamper-proof seals are strictly prohibited; any exhibits submitted with any tamper-proof seal(s) will be severely penalized. The pollen must be dried and processed using heat or cold methods. The pollen will be tasted for off flavors. Judges evaluate entries on the following: •cleanliness of the jar and lid (inside and out); •correct fill level; •uniformity of the jars that comprise the exhibit; •cleanliness of the pollen; •absence of dust and foreign particles, •absence of mold, •proper moisture of pollen grains, •absence of clumping, and •absence of off flavors and aromas.

The Exhibitor shall place one ID label, as provided by the honey show Secretary, on the jar. The labels should be affixed at the front, bottom, center of each jar, approximately ½ inch from the bottom of the jar.

Appendix

The correct jars for extracted honey entries.

Notes on correct fill level:

- The correct fill level on a “Queen-line” or “Classic” style honey jar is at the fill ring of the jar. The fill ring is the raised ridge or ring of glass immediately above the shoulder of the jar, and below the threads. It can be distinguished from the threads in two ways: a) the fill ring forms a complete circle, without ends; and b) the fill ring will be completely parallel with the bottom and top of the jar. There should be enough honey in the jar to clearly touch the fill ring, without going over.
- Liquid honey in a circular shape forms a concave surface sometimes referred to as a meniscus. For purposes of filling jars, the edge of the meniscus should clearly touch the fill ring, without going over.
- When the lid is properly closed on the jar, there should be no visible light beneath the bottom of the lid and the surface of the honey.
- A jar of honey being over-filled is preferable to one being under filled.
