8. With the exception of Extracted Honey, in instances where the exhibit may qualify for consideration in multiple categories, the Exhibitor shall have the right to choose which category to enter their exhibit; the Exhibitor's selection will not be overturned by the Judge(s); and, said exhibit will be judged based on the criteria set forth in the category selected by the Exhibitor. The Judge shall have discretion to make the final determination as to proper color designation in regard to all exhibits of Extracted Honey.
9. Double Entries are strictly prohibited. A "Double Entry" is when an exhibitor has more than one exhibit placed in a single exhibition category. As used in this rule, the term "Double" is not limited to two, but also encompasses any number greater than one. The Show Secretary shall not knowingly accept any subsequent exhibit which would create a Double Entry. Whenever a Double Entry is created by the decision of a judge in recategorizing an exhibit pursuant to the rules herein, the following procedure shall apply: Prior to the judging of any other exhibits in the affected category, the exhibits constituting the double entry shall be identified and examined by the head Judge; the head Judge shall make a determination as to which of the exhibits constituting the Double Entry is the best under the criteria listed for the affected category; the best exhibit of those comprising the Double Entry will be returned to the show bench, and the other(s) will be disqualified. Whenever a Double Entry results in the disqualification of one or more exhibits, and after the results are publicly announced or posted, it shall be the responsibility of the head judge to personally inform the affected exhibitor

of the determination of the Double Entry and subsequent disqualification of the exhibit(s).

V. Security

10. Exhibits must not be marked or identifiable in any way, except as specifically provided herein.

If the Exhibitor chooses to submit a second bottle for chilled tasting, the Exhibitor must submit two identical specimens, both suitable for judging. After the exhibit is submitted, the show secretary will randomly select one of two bottles to be placed in a cooler or refrigerated container. 28. The honey show committee reserves the right to reject any exhibit submitted if it is objectionable in any way. For these purposes, the definition of “objectionable” includes, but is not limited to: representations of nudity, graphic violence, profanity, obscenity, or any depictions of a sexually explicit nature. The Presiding Judge, after hearing both sides and examining the rules and the exhibit at issue may, as he or she deems appropriate, uphold, reverse, or amend the decision, award(s), and/or official record in such a manner as to affect the most just result available. RULES FOR INDIVIDUAL CATEGORIES:

EXTRACTED & COMB HONEY

Extracted Honey

Extracted honey is judged in three subcategories: (a) light, (b) medium or amber, and (c) dark. Exhibitors may submit one exhibit in each of these three subcategories. One exhibit of extracted honey is defined as three (3) identical one-pound jars, as specified in rule #17 under the General Rules of the Honey Show. Closures may be of metal or plastic. Tamper-proof seals are strictly prohibited; any exhibits submitted with any tamper-proof seal(s) will be severely penalized. Judges evaluate entries on the following: confirmation with the criteria set forth herein; cleanliness of the jar and lid; correct fill level; uniformity of the jars that comprise the exhibit; cleanliness and clarity of the honey; moisture content (only if needed); and aroma and flavor (for off aromas or flavors). *See Appendix hereafter for notes on correct jars and fill level.

The Exhibitor shall place one ID label, as provided by the honey show Secretary, on each of the jars comprising the exhibit. The labels should be affixed at the front, bottom, center of each jar, approximately ½ inch from the bottom of the jar.

Creamed Honey (soft set)

Creamed Honey is judged in two subcategories: (a) natural, and (b) flavored. Exhibitors may submit one exhibit in each of these two subcategories. Creamed or Soft Set honey is honey that has been subjected to a manual or mechanical process to assist and control the otherwise natural process of granulation. An entry of creamed honey is three (3) identical wide-mouth jars, no less than eight ounces (8oz.), nor more than sixteen ounces (16oz.) in net weight. Creamed honey must be displayed in identical, clear, straight-sided, glass jars with one-piece lids. Judges evaluate entries on the following: confirmation with the criteria set forth herein; cleanliness of the jar and lid; correct fill level; cleanliness and purity of the honey; uniformity of product within the jar; fineness of crystals; appropriate set or firmness (should be spreadable but not runny); freedom from foam, frosting, or visible moisture; striation, or colors; uniformity of the jars that comprise the exhibit; aroma and flavor (for off aromas or flavors); and moisture content (only if in question).

The exhibitor must submit a white card describing the process and procedure (including all steps and equipment) employed to produce their creamed honey.

The Exhibitor shall place one ID label, as provided by the honey show Secretary, on each of the jars comprising the exhibit. The labels should be affixed at the front, bottom, center of each jar, approximately ½ inch from the bottom of the jar. An ID label should also be affixed to the white card accompanying the exhibit.

Infused Extracted Honey

An exhibit consists of three (3) identical one-pound jars, as specified in rule #17 under the General Rules of the Honey Show, of extracted honey which has been infused with one or more added flavors and/or aromas. The judging criteria for this category are the same as that for H1 (Extracted Honey), with the exception that the use of infusing agents is permitted. The infusing agent(s) should be removed from the honey, and the honey should be free of all visible inclusions and debris. Judges evaluate entries on the following: confirmation with the criteria set forth herein; cleanliness of the jar and lid; correct fill level; cleanliness and clarity of the honey; moisture content (only if needed); aroma; flavor; potency; balance; and finish. *A white card with a description of the flavoring(s) added to the honey must accompany each exhibit. *See Appendix hereafter for notes on correct jars and fill level.

The Exhibitor shall place one ID label, as provided by the honey show Secretary, on the exhibit. The label should be affixed at the front, bottom, center of the jar, approximately ½ inch from the bottom of the jar. An ID label should also be affixed to the white card accompanying the exhibit.

Cut Comb Honey

An exhibit of cut comb honey is three (3) identical boxes. The boxes must be transparent on all sides made for displaying cut comb. Each box of cut comb should weigh a minimum of twelve (12) ounces. The chunk of comb must be in one piece, with a straight mid rib and of uniform thickness. Virgin comb with this year's wax is preferred. All wax foundation must be unwired, thin surplus. The cuts should be clean and uniform. There should be no leaking of honey from the comb into the box. Judges evaluate entries on the following: confirmation with the criteria set forth herein; uniformity of the items that comprise the entry; uniformity of appearance and color (including the honey in the comb); cleanliness of the container; completeness of cappings; cleanliness and clarity of the honey; absence of pollen, brood, uncapped cells, "wet" or "watery" cappings, or travel stains on the cappings; freedom from granulation, pollen, and brood; moisture content (only if needed); and aroma and flavor (for off aromas or flavors).

The Exhibitor shall place ID one label, as provided by the honey show Secretary, on each of the containers comprising the exhibit. The labels should be affixed at the front, bottom, center of each container.

Black Jar

An entry consists of not less than two ounces, nor more than four ounces, of pure, unadulterated honey. The required jar will be provided by the Show Secretary at the sign-in table, and the Exhibitor will transfer their entry into the jar and return the exhibit to the Show Secretary. Judges evaluate entries for flavor only.

The Exhibitor shall place one ID label, as provided by the honey show Secretary, on the exhibit. The label should be affixed at the front, bottom, center of the jar, approximately ½ inch from the bottom of the jar. **Black Jar entries are not eligible for Best in Show.*

BEVERAGES MADE WITH HONEY

PLEASE READ CAREFULLY: Exhibitors should be aware and keep in mind; this is a honey show. These beverage & culinary categories have been specifically chosen because of their ability to showcase honey as an ingredient. The influence and impact of honey on the finished product will be the first, and ultimate, factor the judges will consider when making final awards. The stronger and more pronounced the flavor and aroma of honey is in the finished product, the greater the preference that exhibit will receive from the judges. Conversely, an exhibit of otherwise exceptional quality that does not taste or smell profoundly of honey, will not be placed highly despite the presence of other exceptional qualities.

Meads

Meads are judged in four subcategories: (a) Traditional Sweet, (b) Traditional Dry, (c) Varietal Sweet, and (d) Varietal Dry. Traditional meads contain only honey, water, yeast, and no other flavoring additives. Varietal meads include melomels, pyments, cysers, metheglins, hippocras, braggots, sac meads, and dessert meads. Entrants may submit one exhibit in each of these respective subcategories. An exhibit consists of one, clear, uncolored, glass standard 750ml wine bottle. Punt bottles are acceptable as long as they are standard pattern wine bottles. Tee, tasting, or mushroom-style corks are acceptable closures. Bottles should be filled to a point precisely two (2) centimeters from the bottom of the closure. All mead must be produced from honey produced by the Exhibitor. All entries will be tasted. FOOD ITEMS & BAKED GOODS

PLEASE READ CAREFULLY: Exhibitors should be aware and keep in mind; this is a honey show. These beverage & culinary categories have been specifically chosen because of their ability to showcase honey as an ingredient. The influence and impact of honey on the finished product will be the first, and ultimate, factor the judges will consider when making final awards. The stronger and more pronounced the flavor and aroma of honey is in the finished product, the greater the preference that exhibit will receive from the judges. Conversely, an exhibit of otherwise exceptional quality that does not taste or smell profoundly of honey, will not be placed highly despite the presence of other exceptional qualities.

Appendix

Notes on Correct Fill Level:

The correct fill level on honey entries is at the top of the fill ring of the jar, without going over.

The fill ring is the raised ridge, or ring of glass, immediately above the shoulder of the jar and below the threads. It can be distinguished from the threads in two ways:

- a. the fill ring forms a complete circle, without ends; and
- b. the fill ring will be completely parallel with the bottom and top of the jar.

Liquid honey in a circular shape forms a concave surface sometimes referred to as a meniscus. For the purpose of filling jars, the edge of the meniscus should clearly be at the top of the fill ring, without going over.
